

The ideal product for an Organization's live info and advertisement campaigns. Best suited to companies having network of offices. All the displays installed in the felid offices may be controlled from head office, which means no need to wasting time and money in Stationery printing. All the latest slogans, incentives and schemes may be conveyed to customers right a way. The "Network Ready" Feature enables users to update information instantaneously on number of Dislays installed at same or different locations all at once or in groups.
